

# Rob Giles, See Me

Been some times I've been a fool  
Bent some hearts, broke some rules  
My mistake yesterday  
Like a swandive into an empty pool  
From frozen coals a fire blazed  
Like a non-believer who was somehow saved  
We slow-danced around our grave  
And blood rushed, the dead were raised  
For you.. see me  
see me  
I was a dog, I was a stray  
Nosing through trash in the alleyway  
You'd feed me from the table if I'd just obey  
You said "Lay down." You said "Stay!"  
For you.. see me  
see me  
I have known you forever  
But we have just begun  
See what we've come through  
Let's see what we'll become  
Just let me be what keeps you ticking  
'Til our time here is done  
Please  
See me
