

Rob Mills, Holding On

I feel like something's going down
Two many things that I could frown upon
and I don't like to feel that way
You say don't walk before you crawl
don't trust in anyone at all
and I don't like to feel that way
No I don't like to feel that way

Chorus:

Because I'm falling into deep
but I don't care
I won't be holding on
And I'm caught up, loing sleep
but I don't care
I won't be holding on
Sometimes it's hard to breathe
Cos no one cares about you when your gone

You said keep both feet on the ground
my head is so caught up
I'm drowning
And I don't like to feel that way
No I don't like to feel that way

Chorus

Don't want to think of yesterday
tomorrow's getitng in my way
So many things i've got to say

Chorus
