

# Rob Zombie, Disaster Blaster

Conquest heat master  
Skin crack move faster  
Doomwatch got open eyes  
Perversion never lies

Disaster blaster  
Disaster blaster

Creature of destruction  
Laughing dead corruption  
Challenge to survive  
Love butcher alive

Disaster blaster  
Disaster blaster

Take a journey into fear  
Demon warp invasion  
Thunder wheels rolling  
Crush 1000 faces

Sworn to fun and loyal to none

When the beast is clever  
The best it ain't over  
Walk alone on borrowed time  
And kiss tomorrow goodbye

Sworn to fun and loyal to none

Lost inside a human zoo  
Edge of life wants you  
Got a grip on the wire  
But my brain don't get no higher

Disaster blaster  
Disaster blaster

Leather skin move to the beat  
Beastman insulated heat  
Looking for a sleeping dream  
Hop-head body scream

In the morning  
Ready to learn  
What's happening  
And who's gonna burn

Get on your feet  
Time to die  
On the floor  
Machines don't die

Stealing the world  
Walking away  
Poison mind  
Everyday
