

# Rob Zombie, Feed The Gods

She's a zombie baby  
Dead ringer in my head  
And now we're rollin'  
we're empty playin'

Yeah!

Hey yeah, like a zombie breathin'  
Hey yeah, been thinkin' of your life  
Hey yeah, like a desert monkey  
Hey yeah, We go down inside

Like a creep or solar center  
Ooh, a dirty little sister  
Wow, I'm gonna kill it  
I'm gonna kill it, damn (dead?)

Freak out and feed the gods  
Do you know what it means to feel like god?  
Creep on the wheels of love,  
Do you know what it means to feel like god?

Hey hey yeah, like your hands on my back and  
Hey hey yeah, be a bigman or bleed  
Hey hey yeah, like a days last moment  
Hey hey yeah, give me what I, I need

To suckup and give out  
Ooh, a dark creep lover  
I'm gonna kill it  
I'm gonna kill it yeah

Freak out and feed the gods  
Do you know what it means to feel like god?  
Creep on the wheels of love,  
Do you know what it means to feel like god?

Yeah,  
Get a load of this  
Gonna get away  
One hell beast shot over me  
Yeah,  
In another life  
Gonna break you  
down, smash all over me  
Yeah, gonna bleed from life  
A Shrapnel wound  
I wasn't made to suffer, huh!  
Shootin' on the run  
Gonna wreck 'em  
Yo, you can't just dump 'em

Freak out and feed the gods  
Do you know what it means to feel like god?  
Creep on the wheels of love,  
Do you know what it means to feel like god?

Hey yeah, It's alone in my head  
Hey yeah, and I think of the past  
Hey yeah, I'm a dirty mouth  
Hey yeah, because I'm alive and...

Yeah, I'm only people's sole assassin  
Ooh, a dirty little witch

I'm gonna kill it,  
I'm gonna kill it, yeah.
