## Robbie Neville, Just Like You

I want to be just like you I want to be just like you

I wanna be just like you I wanna be just the same Whoo! Yeah yeah yeah yeah

I wanna be just like you I wouldn't change a thing I could be so cruel

You've got fingers that know where to touch me Red lips like fruit on the vine You set fire then tell me you're leaving Just so you can lead me on some other night

You've got looks You know how to use them Such a tease since the day we met It's not what you do It's how you do it And your role model I could never forget now

I wanna be just like you I wanna be just the same I wanna know all your moves And play all your games I wanna be just like you I wouldn't change a thing I could be so cruel I wanna be just like you

You've got style You wear next to nothing I'll make you wanna wear nothing at all I'm feeding on fire til you pray take it Don't walk away honey Leave me begging for more yeah

I wanna be just like you I wanna be just the same I wanna know all your moves And play all your games I wanna be just like you I wouldn't change a thing I could be so cruel I wanna be just like you

Like You

I wanna be just like you I wanna be just the same I wanna know all your moves And play all your games I wanna be just like you I wouldn't change a thing I could be so cruel I wanna be just like you

Repeat to fade
