

# Robbie Williams, Average B Side

You say you're sick and tired  
Of feeling sick and tired  
I walked and told the truth  
Do you wish I'd stayed alive  
Cause she said that you said that I said  
She said that I said the love's dead  
And I tried to explain  
Don't expect you to be the same  
On this rockin rollercoaster, an emotional ride  
We were just an average b-side  
We were just an average b-side  
I watched the past run by on the silver screen  
We played our parts and died, scene by scene  
When she said that you said that I said  
She said that I said the love's dead  
And I try to explain  
Don't expect you to feel the same  
On this rockin rollercoaster, an emotional ride  
We were just an average b-side, oh b-side  
Pretend you like me  
Pretend I like you  
Pretend pretend pretend  
This is not happening  
Oh rockin rollercoaster, an emotional ride  
We were just an average b-side  
Oh rockin rollercoaster, an emotional ride  
We were just an average b-side  
We were just an average b-side  
We were just an average b-side
