

# Robbie Williams, Forever Texas

First you say you want me  
Then you don't want me really  
Baby do I scare you  
Am I talkin' too freely

I got no perspective  
On the things that you lack  
Baby I don't care  
Just lie on your back

Baby I'm crazy  
But lady I'm lazy  
Amaze me  
Baby I'm fading  
My mind's all jaded  
Amaze me

I'm so superstitious  
So there's something you should know  
The reason I'm doing you is  
'Cause your friend said 'no'

I've been suicidal since  
God I don't know when  
So get down on your knees  
Say your prayers Amen

Baby I'm crazy  
Lady I'm lazy  
Amaze me  
Baby I'm faded  
My mind's all jaded

Give me Texas wisdom  
Massive systems  
And a luscious behind  
Mother said 'Son if you do it too long you'll go blind'

Baby I'm lazy  
But lady I'm crazy  
Amaze me  
Baby I'm faded  
My mind's all jaded  
One, two

Everybody getting cash for the bung  
Everybody wants to know how I'm hung  
You can read it in the papers  
I'm a giver not a taker  
But it won't be the same
