Vein popping  
Heart clogging  
Name dropping  
Life stopping  
Got no strings  
But I think with my dingalingaling  
Can't sing can't speak ting tong's tong ting  
I'm popping  
And I'm locking  
Pulse stopping  
Hypnotic  
Got no strings  
But I think with my dingalingaling  
Wing chang with the ching ching ting tong's tong ting

(I love my Mum and I love my Dad  
They never had any love I've had  
So much love it's driving me mad)

Blood clotter  
Slender tone  
Say tres bon  
Dingadingdongadongadong  
Sound of the town  
Gets a little louder  
He saw and I saw in my soul mine  
If you're in the club and you hear this sound  
Come on everybody boogie down boogie down

Running in the fast lane  
Speeding in the dark  
Trying to maintain  
The feeling in your heart

No leaving  
Shallow breathing  
Girl weeping  
Teef teathing  
Got no strings but I think with my dingaling  
Wu tang with the bling bling  
Sing a song sing sing  
Naughty things  
We're geezing  
Day creeping  
Got not strings but I think with my dingaling  
Wu tang with the bling bling  
I spin with a tin tin gin grin

(I love my Mum and I love my Dad  
They never have any love I've had  
So much love it's driving me mad)

Blood clotter  
Slender tone  
Say tres bon  
Like a dingadingdongadongadong

Gets a little louder

Running in the fast lane
