

# Robert Cray, Fading Away

You find you can't  
Get away from your trouble  
Hang on  
It will soon fade away

Nothin' stays the same  
Just like night turns to day  
Hang on  
Cause it's fadin' away

I feel the gloom and despair  
Everything is turned around  
And sometimes it just isn't fair  
You get kicked when you're down

Remember, the good times always follow the bad  
Pretty soon  
It will all fade away

Cause you can't go back  
To what you never had  
Hang on  
Cause it's fadin' away, fadin' away

If this lonely world seems so damn cold  
And you find yourself  
Losin' control  
Hang on  
Hang on

Oh, when you're feelin' sad  
That you've been misled  
Hang on  
They'll soon fade away

Ain't it a shame?  
No one takes the blame?  
Hang on  
Cause they're fadin' away, fadin' away  
They're fadin' away

Ain't it a shame?

Hey!

Fadin' away, fadin' away

Nothing stays the same  
No!

Fadin' away, fadin' away

Like night turns to day

Hey!

Faded away, faded away  
Faded away

Nothing stays the same

Hey!!!

Fadin' away
