

# Robert Cray, Moan

I Gotta moan  
I don't feel so good this morning  
Ohhh  
My baby's been gone a long time

Why did you have to go?  
Why did you have to leave?  
Ewww  
Can't stand being alone

I All I do is cry  
And moan

I remember when you used to love me in the morning  
Ohh, you used to  
Bring my coffee to my bed

I remember when you used to squeeze me  
And rub my little achin' head  
Squeeze me tight (?)

All I do  
Is cry  
And moan

I remember the good ole days  
I never dreamed that there was a price to pay  
Tried, tried, ohhh (??)

If I had just one more day  
Maybe there's a chance that I could have made her stay  
But now you're gone, and ohhhh

(Guitar solo)

I remember the good ole days  
I never dreamed that there was a price to pay  
Tried, tried, sooo (??)

If I had just one more day  
Maybe there's a chance that I could have made her stay  
But, oh, now you're gone, and ohhhh

All I do is weep and moan  
Hey!

I don't feel so good this morning  
Why did you have to go away?  
Why did you have to leave?  
Ewww, can't stand being alone

I All I do is cry  
And moan

Hey, I  
All I do is cry  
And moan

Hey, I  
All I do is cry  
And moan

I remember when  
Oh

I remember when  
Hey  
I don't feel so good this morning

Ewwwwwwww!!
