

Robert Cray, Trick Or Treat

You say you love me, babe
But you don't know
When I tell you I want to take you out
And you don't want to go, girl

So if you love me
(Don't say you like me)
And if you like me
(Don't say you love me)
I can't wait to have a way to find out
If it's trick or treat

I love you, babe
But you play a many pack, girl (not sure?)
Cause you know, you know, you know
That ain't where it's at, baby

Cause if you love me
(Don't say you like me)
And if you like me
(Don't say you love me)
Cause I can't wait to have a way to find out
If it's trick or treat

You can make life good, make it a drag
With all those good things you got cooking in your bag

Now I want you to treat me, baby
Cause you got just what it takes, girl
I've been tricked so many times before
With everything I've made, girl

So if you love me
(Don't say you like me)
And if you like me
(Don't say you love me)
I can't wait to have a way to find out
If it's trick or treat

What is it, baby?
Tell me, I wanna know
What is it?
Is it tricks or treats?
Gotta know, babe
Is it tricks or treats?
What's in your bag, babe
Is it tricks or treats?
