

# Robert Earl Keen, Jr., Oh Rosie

I'm long past hungry  
I need a bed  
I got some real wild things  
Runnin' through my head  
Oh Rosie, don't forget me now

I've been to Tulsa  
And New Mexico  
Still got Tucson and  
Colorado left to go  
Oh Rosie don't forget me now

Chorus:  
Do you remember  
Our lucky star  
We gave all our wishes to  
Now I'm in Denver  
In this old bar  
Tryin' to do anything to hang on to you  
And not be blue

It's all-night TV  
With nothin' on  
I should be goin' but I'm  
Too far gone  
Oh Rosie, don't forget me now

There's rotten singers  
Lousy art  
Western swingers  
And my old broken heart  
Oh Rosie, don't forget me now

Chorus

It's a hard old highway  
A long slow burn  
I think about ya Rosie  
At every little turn  
So don't you worry  
Please don't cry  
When we're together  
That old time will fly on by  
Oh Rosie, don't forget me now

Chorus

It's a hard old highway  
A long slow burn  
I think about ya Rosie  
At every little turn  
Oh Rosie, don't forget me now
