

Robert Plant, Billy's Revenge

Billy and Jenny will never get old
That's the kind of love in a story untold
Kisses are burning, and a touch is so hot
Crazy with lovin'

Wide as the sky and deep as the ocean
Crazy with love and wild devotion
Feeling went cool when the touching stopped
Crazy with lovin'

She's been looking for someone
He's been looking for someone
Oh - trouble gonna come someday

Billy comes home and Jenny's not there
Walkin' the floor and tearin' his hair
Feeling went cool when the touching stopped
Crazy with lovin'

He's been looking for someone
She's been looking for someone
Oh - trouble gonna come someday

Billy turned the corner
Goes through the night
Shaking in the shadows
Billy's only got one thing on his mind

It's a heartbreak town
It's a heartbreak, heartbreak, heartbreak, heartbreak

She's been looking for someone
He's been looking for someone

He's been looking for someone
She's been looking for someone
Oh - trouble gonna come someday
Bye bye trouble - trouble gonna leave you now

Billy and Jenny will never get old
That's the kind of love in a story untold
Kisses are burning and a touch is so hot
When you're crazy with lovin' you can't stop
