

# Robert Plant, Dancing In Heaven

There'll be dancing in heaven  
On the night before the longest day  
A celebration in rhythm  
At this time it was always this way

Sing out for the one light,  
Reach out to the flame  
So fine so fine  
That we can make it this way

Sing the song of the ages  
Giving voice on this beautiful night  
Feed the flame in high places  
From the earth to the giver of light

Sing out for the one light  
Reach out to the flame  
So fine so fine  
That we can make it this way

Bringing peace to the valley  
Carry fire through the oaks and the grove  
Precious memory carry  
As we move through the circles and stones

Sing out to the one light  
Reach out to the flame  
So fine, So fine  
That we can make it this way
