

# Robi Rosa, Crash Push

Crash.....

Would you like me to forget myself  
and lose myself  
in you

Push.....

Just one push will do  
Then I'm overboard  
Drowning in you

I hear a whisper slowly &  
Soon our lips will be near  
In between the day and night  
I step into the blue twilight  
Catch me, darling catch me

Hold me back  
I think I'm falling  
Over you,  
what did you do?

Help me now  
I'm losing me....into you  
What did you do?  
What did you do?

Walk, I walk a line that leads to you  
Waiting....anticipating  
desire has no safety  
To lead you on the road  
Going crazy

I hear a whisper slowly &  
Soon our lips will be near

Hold me back  
I think I'm falling  
Over you, what did you do?

Help me now  
I'm losing me into you  
What did you do?  
What did you do?

I hear you whisper darling.....darling

In between the day and night  
I step into the blue twilight  
Catch me, darling catch me

Hold me back  
I think I'm falling  
Over you, what did you do?

Help me now  
I'm losing me.... Into you

What did you do?  
What did you do?  
What did you do? I think I'm falling  
What did you do?  
What did you do? I think I'm falling

Help me now

I'm losing me.... Into you  
What did you do?  
What did you do?
