

# Robin Gibb, Secret Agent

I grabbed my hat and I went walkin' in the rainy night

My world turned upside down.  
I heard the roaring of the engines of a D.C. three  
I'm Casablanca bound.  
The stewardess was standin' starin' in a fashion

That could only take my breath away.  
The pilot's voice came on the intercom and told me  
He was working for the C.I.A.  
Oh  
and he's lost  
In a dangerous world.  
Just keep on runnin'

Runnin' in the black of night -  
Secret agent.  
Just keep on runnin'

Runnin' in the speed of light -  
Secret agent - oh.  
And three days later I was broken by a lady in black

She took my photograph.  
And in the safety of the shadows threw her cam'ra down the elevator shaft.  
She went and stumbled in the darkness of the empty streets

My job had just begun.  
And when I followed  
I was shaken by a blinding light  
didn't see the gun.  
Oh  
and he's lost in a dangerous world.  
Just keep on runnin'  
runnin' in the black of night  
'Cause you're the secret agent.  
Just keep on runnin'  
runnin' like the speed of light -  
'Cause you're the secret agent.  
Just keep on runnin'  
runnin' til you get away - you're the secret agent.  
They keep on comin'  
comin' at the break of day - you're the secret agent.  
Just keep on runnin'  
runnin' at the black of night - you're the secret agent.  
Just keep on runnin'  
runnin' like the speed of night - you're the secret agent
