

Robin Thicke, Magic (Remix)

(feat. Mary J. Blige)

[Mary J. Blige:]

I can the pain dissapear

And I can erase the past

I can make the future shine so bright

And I can make right now alright

[Chorus:]

I got it, you got it

We got that magic girl [x4]

[Robin Thicke:]

All I got is concrete all around me

But I can see the country side

You can be rich when you're poor

Poor when you're rich

It can be raining and I can make the sun shine

[Chorus]

[Robin Thicke:]

I know sometimes sometimes you feel no hope

But I've been there upon that lonely road

I took whatever gift he offered me

Because I knew that he would set me free

[Chorus]

[Robin Thicke:]

Science they can't prove it

But I know can do it

[Mary J. Blige:]

I can fly

I can bend metal with my mind

[Both:]

I can wake up in paridise

[Robin Thicke:]

We got that magic [x6]

[Chorus: fade]
