

# Robin Thicke, Would That Make You Love Me

If I wasn't who I was  
If I wasn't me  
Would you stand next to me in the street  
If I changed my hair  
Would you then be proud  
If I ran round town with a different crowd  
Would you be my baby  
If I had more money  
Would that make you love me more  
Would that make you love me more  
Would that make you love me more  
Would that make you love me more

If I practiced a different religion  
If I spoke my words differently  
If I changed my tune to your favorite song  
Would you wrap your arms around me  
If I dug down deep to the bottom  
Would you love me unconditionally  
If I sound like you and we laugh the same  
Would you mind if I hang around  
Would that make you love me more  
Would that make you love me more  
Would that make you love me more  
Would that make you love me more

If I came to you from a different place  
Would my message finally be heard  
If it's just me and you and there's no one else  
Would you see how much we're the same  
Would you be my lover  
If I'm a different color  
Would you be my brother  
Would that make you love me more (repeat until the end)
