

Rock N Roll Worship Circus, Scary Drifter

do you see Him coming?
did you hear the cries?
of the Holy Scary Drifter
with fire in His eyes?
look around, He's coming back for you
feel the wind is rushing,
tearing through the sky
see the clouds are forming,
His glory's passing by
join with angels all you sons of men
and let us sing...

let the earth, and all that is in it
clap our hands, and shout out loud
with all of our voices singing
glory to the Holy Lamb of God
the earth will shake, nations tremble
mountains melt, before our God
living creatures will proclaim
glory to the Holy Lamb of God
