

Rock The SAT, Coalesce

Let me extol you
Laud you and revere you
Venerate and worship you
Can I cajole you
Coax you, baby sway you
What can I do to alter you?

Well I commiserate, I have sympathy
You know I care for you
I feel what you feel, I've got empathy
Girl, all you got to do (is)

Coalesce, unite, put it all together
Acquiesce, comply, give in to your desire
Coalesce, unite, put it all together
Acquiesce, comply, give in to your desire

Subjugate me
Domineer me, dominate me
Tell me exactly what to do
Humiliate me
Abase me and berate me
Treat me cruel, I'll still love you.

I have fortitude and longevity
I'm strong and I'll last long for you
Don't be curt or brusque, don't be short with me
I'm determined, tenacious, resolute (so)

Coalesce, unite, put it all together
Acquiesce, comply, give in to your desire
Coalesce, unite, put it all together
Acquiesce, comply, give in to your desire

I am ebullient
I'm overflowing with excitement
I'm versatile, I do it all
My love's reliable
Well it's not fleeting or ephemeral
And it will be there when you fall

Cause I am everywhere, I am ubiquitous
You know I'm watching you
I don't miss a detail, I'm meticulous
Girl, I'd love to study you (so)

Coalesce, unite, put it all together
Acquiesce, comply, give in to your desire
Coalesce, unite, put it all together
Acquiesce, comply, give in to your desire
