

# Rock The SAT, The Real Me

I'm abstruse, I'm obscure  
A mystery for sure, you don't know me  
You're a dupe, you're a fool  
To think you love me like you do, you don't know me  
You don't know me

You know what I would do  
I would taint and soil you  
That's just what I'd do

It's innate, it's inborn  
It's just the way I'm formed, I'm just nasty  
I'll recant, take it back  
And then stab you in the back, you can't trust me  
No you can't trust me

Well I can look you in the eye  
As I slander and I lie  
Look me in the eye

And see the real me  
Condemn and disapprove of me  
I'm not worthy of imitation  
I'm not exemplary  
Cruelty's my proficiency

It's something I do skillfully  
So migrate like a bird in winter  
And fly away from me

You retort, answer back  
You argue and attack, but I'm not listening  
You control, regulate  
And I just can't relate, no I'm not listening  
I'm not listening

I'm narrow in my views  
I'm provincial and parochial too  
I don't have room for you

Nullify and negate  
Wipe me off the slate, just dismiss me  
I'll exploit, I will use  
I'm unethical, I'll break all the rules  
Dismiss me  
Yeah, you'd best dismiss me

You won't change who I am  
I'm an indomitable man  
An unconquerable man

So see the real me  
Condemn and disapprove of me  
I'm not worthy of imitation  
I'm not exemplary  
Cruelty's my proficiency  
It's something I do skillfully  
So migrate like a bird in winter  
And fly away from me
