

# Rockapella, Drinking Song

Im only a freshman  
Im normal as can be  
I sleep through all my classes  
And watch a lot of MTV  
I havent done my laundry  
In atleast a month or two (or three or four)

Scamming on chicks in chem lab  
And puking college food  
But classes end on Thursday night  
And friday finds me free  
To meet my friends at the old west end  
And use my fake ID

Singing  
Drink Drink Drink and then throw up  
Then get up and Drink some more (drink some more!)  
And if i ever think that ive had to much to drink  
Well then im probably passed out on the floor

By 10 pm im druelling  
Im so drunk i cant see  
My friends say that shes ugly  
But hey she looks ok to me  
So i sit by my rolling rock  
and wander to her side  
and buy her a drink  
and flirt a bit  
and then see shes a guy

Drink Drink Drink and then throw up  
When drunk you can do no wrong  
i know its kinda crude  
but theres nothing else to do  
ever since my girlfriend stole my bong.

Friends can you help me walk home  
i cant seem to find the door

I want to fall in johnjay hall  
and pass out on the rest room floor

If you see me turn me on my side  
so i dont suficate

Pray the lord my sole to keep  
for if i ever wake  
ill be so hung over lads  
but friends ive got the cure  
stay in bed till the sun goes down  
and drink a whole lot more.

Singing  
Drink Drink Drink and then throw up  
then get up and shout horray  
for tonight we have to go to the kings men show  
and drunks the only way theyll sound ok oh

Drink Drink Drink and then throw up  
Come lets raise or glasses high (raise them high!)  
Were generation X  
Put your faith in beer and sex  
and these will be the best days of our lives!
