

Rockapella, Song 9

You - You never do the girlfriend thing
Me - I never care to chase
We - We never seem to notice much
Please - Just kiss me on the face.

Keep truckin'
Keep chuggin'
Keep chuggin'
Keep chuggin'
Keep chuggin'
Keep chuggin'
Keep chuggin'
Keep chuggin'

'Bout time we met head on
You been waitin' way too long
Join in the fight for microphone
Sidewalkin' ain't my thing
Straight on with what nature brings
Just trust you got the know to know.

Gianni liked to read the magazines
Tuesday mornin' bought the farm
Sammy liked to watch the pay-per-view
Now he's videoing Mars.

(Repeat chorus)

Honey I never know
How your lovin' wind'll blow
Keep changin' weather all the time
You're seein more than me
Straighten out the agony
Can't turn the lovin' on a dime.

Ain't squat good on
