

Rocket From The Crypt, Come See, Come Saw

Well, come see, come saw, come cruelty.
When it's hungry, it's gonna fight. (gonna fight) (or gonna bite)
And it chalks one up so hasty.
If you do, it just might. (just might)
Well come see, come saw, come here boy,
You're someone that we like.
So drop the bark of abusing,
Cause if you do, you're dead now. (dead now or good night)

We don't share ??
?? to please.
We don't take another step.
?? abusing ?? drink I take ??
We don't want to play ??
??
Now, they're useless.
Come see, come saw, come dead ahead.

Hold our hands like yours do
No matter, feels good, it ain't right. (ain't right)
And when your sweat drips, what we groove to
And abuse you, alright (alright)
Come see, come saw, come here boy,
You're something that we like.
So get back to the basics,
Cause you know we just might.

We don't share ??
?? to please.
We don't take another step.
?? abusing ?? drink I take ??
We don't want to play ??
?? Now, they're useless.
Come see, come saw, come dead ahead.
Although it's useless.
Come see, chop our heads.
Now, they're useless.
Come see, come saw, come dead ahead.
Although it's useless.
Come see, come saw, come...

We don't share ??
?? to please.
We don't take another step.
?? abusing ?? drink I take ??
We don't want to play ??
Now, they're useless.
Come see, come saw, come dead ahead.
Although it's useless.
Come see, chop our heads.
Although it's toothless.
Come see, come saw, come dead ahead.
Now, they're useless.
Come see, come saw, come...
