

# Rod Stewart, Just Like I Treat You

(Willie Dixon)

Some say you will  
Some say you won't  
Some say you do  
Some say you don't  
But I know  
I know what you will do  
Your gotta treat me baby, just like I treat you

If I give you little  
You pickin' some bite  
If I give you lots  
I know what you'll be like  
But I know  
I know what you will do  
You gotta treat me baby, just like I treat you

Your gotta treat me baby, just like I treat you, oh yeah

Some say you will  
Some say you won't  
Some say you do  
Some say you don't  
But I know  
I know what you will do  
Your gotta treat me baby, just like I treat you

If I give you little  
You pickin' some bite  
If I give you lots  
I know what you'll be like  
But I know  
I know what you will do  
You gotta treat me baby, just like I treat you

Some say you will  
Some say you won't  
Some say you do  
Some say you don't  
But I know  
I know what you will do  
Your gotta treat me baby, just like I treat you
