## Rod Stewart, Let Me Be Your Car

(Elton John / Bernie Taupin)

I may not seem your ideal when you look into my eyes I don't smoke, I don't tell jokes I'm not the custom made size But baby let me take you out on the highway for awhile I'll show you where the man in me is when he doesn't hide He's cruisin' in the fast lane stuck behind the wheel Jekyll and Hyde going on inside when I'm your automobile

And let me be your car for awhile child shift me into gear and I'll be there fill me up with five star gasoline I'll be your car I'll take you anywhere

Don't you know I can't dance
I don't dig it, I can't see it at all
You say I'm just a specimen
and baby I can crawl
My physique just don't look
the way the physiques really should
But then again I've got an engine
underneath my hood
When I'm cutting up the road
with a sports car on my tail
Frankenstein's inside my mind
and the wind's inside my sails
