

Rodeo Blue, Lost Together

Strange and beautiful are the stars tonight
that dance around your head
in your eyes I see that perfect world
I hope that doesn't sound too weird

I want all the world to know
that your love's all I need
all that I need

and if we're lost
than we are lost together
and if we're lost
we are lost together

stand before this faceless crowd
I wonder why I bother
so much control by so few
Stumbling from one disaster to another

I've heard it all so many times before
It's all a dream to me now
A dream to me now

And if we're lost
Then we are lost together
Yea if we're lost
We are lost together

In the silence of this whispered night
I listen only to your breath
And that second of a shooting star
Somehow it all makes sense

And I want all the world to know
That your love's all I need
All that I need
And if we're lost
Then we are lost together
Yea if we're lost
Then we are lost together
