

Rodney Atkins, Someone To Share It With

I've got dreams and aspirations
And I'm pretty good at conversations
I've got a heart I want to give
But I need someone to share it with

I love music and don't mind dancing
I'm easygoing, a little bit old-fashioned
I'm a sucker for sunsets, but the trouble is
I need someone to share it with

We're living all alone together
Like we don't even know each other anymore
I miss my friend, I miss my lover
We can rediscover everything that made us fall in love before

If you've got time you don't mind spending
I've got a world that feels like it's ending
Cause Baby, you're my life, but I can't live like this
I need someone to share it with

We're living all alone together
Like we don't even know each other anymore
I miss my friend, I miss my lover
We can rediscover everything that made us fall in love before

I miss my friend, I miss my lover
We can rediscover everything that made us fall in love before

'Cause I've got dreams and aspirations
And I'm pretty good at conversations
And I've got a heart I want to give
I just need someone to share it with
