

Roger Clyne & The Peacemakers, Leave An Open Door

I can see the light all around your silhouette
Leave an open door behind you
My heart went running after you
but I ain't caught it yet
Leave an open door behind you

Leave an open door

Sing about the dawn
in the middle of the night

Leave an open door
Leave an open door

Leave an open door behind you
Leave an open door behind you

Carry on...
Carry on...
Carry on...
Carry on...

Leave an open door

Destitution...
Persecution...
Retribution...
Execution...
Revolution!
Restitution!!
Absolution!!!
Evolution!!!!

Mothers, fathers, sisters, brothers,
We never run out of hope when we love one another!
When they raise the price of bread
When they lower the wage
Together we hold our key inside of their cage!
Carry on...

Leave an open door
Leave an open door
Leave an open door behind you
