

Roger Clyne & The Peacemakers, Mexican Moon

Mexican Moonshine!
Mexican Moonshine!
I fell under the spell
when I stumbled over the line
Mexican Moonshine
Mexican Moonshine
Let your heart and your cup overflow
Under the glow of the moonshine!
Let the world call em crow's feet
Baby, we can call em laugh lines
Let me hear your little heart beat, baby
Turn your back on all the deadlines
I got a healin' home-brewed remedy,
a low-brow therapy
And a high time
It's surreal, sublime, manmade and divine
It's the moonshine.

Mexican Moonshine
Mexican Moonshine
I fell under the spell
when I stumbled over the line

Hey, cantinero!
Pull back and hit me with your magic arrow
I need amor more than dinero
In any language every day
We'll get a fine flow flowin',
a good glow goin' and let's shine on
Soak in the silvery light
spillin' out tonight from the moonshine

Mexican Moonshine!
Mexican Moonshine!
I fell under the spell
when I stumbled over the line
Mexican Moonshine
Mexican Moonshine
Let your heart and your cup overflow
Under the glow of the moonshine!

Hey, gringos, it could be worse
We did not get there first
cause on the south side of the dunes
We found graffiti on the rocks,
The Lunar Lander on blocks,
And a Mexican flag on the moon!

Mexican Moonshine!
Mexican Moonshine!
I fell under the spell
when I stumbled over the line
Mexican Moonshine
Mexican Moonshine
Let your heart and your cup overflow
Under the glow of the moonshine!
May your heart and your cup
Overflowunder the glow
of the Moonshine!
