

# Roger Creager, Let It Roll

Creager/Elliott/Ingram

I'd like to take this time to thank people who are gathered around me here  
At least we've come this far on a really tough road  
There are night we sank so low lord it seems hard to imagine  
You picked me up and helped me carry the load  
Sometimes I sing to an empty house and some nights I pack 'em in  
It's hard to know if I'm waiting to lose or losing to win  
It takes a lot of good folks to open up doors you gotta knock again and again  
You gave me what I needed so thank you for believing I think I got one foot in

Chorus

So here I go one more time giving all I've got word by word and line by line  
One more town at a time Loving what I do laying it all on the line

Pack up the gear get out on the highway I gotta keep movin I guess I'll see you around  
Maybe in some small cafe with my case at my feet on the ground  
One things for certain one thing I know nothings gonna slow me down  
I'm gonna let it roll gonna lay it down same old song  
In a brand new town I hope they care sometimes they don't  
I ain't scared just let it roll
