

Roger Daltrey, Love Me Like You Do

I know what you're thinking
I know what you're feeling
I feel every move your body makes

I know when you're crying
Hurt when you're lying to me
I know when your heart's about to break

When I'm out of here
I just can't understand
How you love me like you do
How you love me like you do
How you love me

I know when you need me
To hold you and just be
I know when we need to be apart

I'm there when you're lonely
But I'd die if you ever left me
I've cried every tear that's in your heart

When I'm out of here
I just can't understand
How you love me like you do
How you love me like you do
How you love me
Like you do

But when I'm out of here
I just can't understand
How you love me like you do
How you love me like you do
How you love me like you do
How you love me like you do
How you love me like you do
How you love me like you do
How you love me
