

# Roger Daltrey, Without Your Love

You can show me the way  
Give me a sunny day  
But what does it mean  
Without your love

And if I could travel far  
If I could touch the stars  
Where would I be  
Without your love

Whenever I get to feeling  
Down and out  
I think about what you said  
And then I'd give out

And if I could fly away  
If I could sail today  
Where would I go  
Without your love

You can show me the way  
And give me a sunny day  
But what does it mean  
Without your love

And if I could travel far  
If I could touch the stars  
Where would I be  
Without your love

And if I ever wonder away  
Too far  
You'd come looking for me with  
Open arms

I could forget my home  
Be like a rolling stone  
But who would I be  
Without your love

And what does it mean  
Without your love  
Where would I be?
