

Roger Miller, Swing Low Swingin' Chariot

Swing low swingin' chariot comin' for to take me for a ride
Swing low swingin' chariot..

I know someday beyond the moon someday beyond the sun
I know the Lord got place to slept for me late down when my work is done
Son I'm singin' swing low swingin' chariot...

This heart of mine is satisfied when time is comin' I'd lay and die
I'll have me some golden streets to walk all the way
I sing swing low swingin' chariot...
