

# Roger Sanchez, Turn On The Music

Feel that sound! (6x)

Well I I've been waiting long enough  
Hey DJ please won't you turn it up  
Wanna feel that base, yeah  
Cause I get a rush  
And when it comes, I can't get enough

So turn on the music  
Why don't you turn on the music  
Oh know how to use it  
When you turn on the music, music, yeah!

Think it's time you turn on the music  
Feel that sound rushing over me  
Cause every time you turn on the music  
I can't control what comes over me

Think it's time you turn on the music  
Feel that sound rushing over me  
Cause every time you turn on the music  
I can't control what comes over me

Think it's time you turn on the music  
Feel that sound rushing over me  
Cause every time you turn on the music  
I can't control what comes over me

Feel that sound washing over me, yeah!  
Can you feel it now!

Think it's time you turn on the music  
Feel that sound rushing over me  
Cause every time you turn on the music  
I can't control what comes over me

Think it's time you turn on the music  
Feel that sound rushing over me

Cause every time you turn on the music  
I can't control what comes over me

You know I feel it  
When I'm out on the floor  
The rhythm starts to take a hold  
It goes right to my body  
Right down to my soul  
I think my minds gonna overload

So turn up the music  
Why don't you turn up the music  
Oh, you know how to use  
You gotta turn up the music, music , yeah

Feel that sound! (6x)

Think it's time you turn on the music  
Feel that sound rushing over me  
Cause every time you turn on the music  
I can't control what comes over me

Think it's time you turn on the music  
Feel that sound rushing over me

Cause every time you turn on the music  
I can't control what comes over me

Feel that sound  
Music over me yeah  
Feel that sound  
Can't you feel it now  
Feel that sound  
Right down to my soul  
Feel that sound  
Turn up the music, yeah

So turn up the music! (5x)
