

Roger Taylor, London Town C'mon Down

(Roger Taylor)

[Starts with spoken excerpt from 'LONDON FANTASY' by Mervyn Peake]

We got it down, we got it down
We got it down, in London Town

Dig this and dig that
Dig the thin and dig the fat
Dig the boys and dig the girls
Dig the straights and dig the curls
Dig the future dig the past
Dig the audience and cast
Dig the sights dig the sounds
Yeah dig this London town
C'mon down
To London Town

C'mon down to London Town

Electric light surrounding me
Feel the electricity
Feeling up, getting higher
Feed on my electric fire
If you wanna get up, you gotta go down
Get your fix on London Town
So c'mon down, to London Tawn
C'mon down
To London town
C'mon down to London Town
C'mon down to London Town
C'mon down
