

Roger Taylor, My Country I & II

(Roger Taylor)

Something horrid....

Oh oh oh

I would not fight for my country

I would not work to no rule

Don't have no truck with no power game

Won't be some other jerk's tool

Don't have no part of no partisans

Won't have no part 'cos one party and another's all the same

(Workin' for some other man)

All the same

Gonna play it

(Workin' for some other man)

At my own game

Oh ee ooh

Oi you

I would not fight for my country

I would not work to no rule

Don't have no truck with no power game

Won't be some other jerk's tool

Don't have no part of no partisans

Won't have no part 'cos one party and another's all the same

All the same

Gonna play it at my own game

Don't wanna die for some old man's crusade

Don't wanna hear what they feed

Don't wanna kill for some cause of the age

Don't wanna cry for somebody else's need

Don't want no piece of no flag in the breeze

Don't want no part 'cos one party and another's all the same

All the same

Gonna play it at my own game

Ooooooh not me

Oi you

You don't get me

Oi you

Ooooooh not me

Oi you

You don't get me

Oi you
