

Roger Tylor, I Cry For You

I cry for you
I cry for you
I cry for you
I cry for you
Love me
Tender
Love me
True
Love
Can always
See you through
I hope you're fine
I hope all's well
Given time
Hope springs eternal
Who finds conclusions
With love, hope and confusion
I cry for you
Life
Has no fun anymore
Time
Is on the run for sure
No place to run anymore
Love, hope and confusion.
I hope you're fine
I hope all's well
Give 'em hell
Hope springs eternal who finds conclusions
With love, hope and confusion
I cry for you.....
