

# Rogue Wave, You

Hedge shapes narrowing  
Brain stored in the freezer  
Wind-tops bellowing  
It's a creeper double-feature

Jaundiced and yellowing  
I've always been a late bloomer  
Shoegaze shimmering  
There's no season to see it, I needed that

One day I...  
One day I found you

Engines in the wind  
And a heroes welcome  
Pillows of reclessness  
But you just pop your mouth off

Kiss the abdomen  
Till it's less than perfect  
Till it looks like everyone  
Can get so conceited and need it, oh ya

One day I...  
One day I found you

One day I...  
One day I found you
