

Roisin Murphy, Off And On

No, I can't get out
I'm trapped inside of it
I won't let go
Pain keeps driving it
I, I only hope and pray
That I can make it pay
Keep pushing, keep
I keep pushing on

I did the best I could
I learned to sacrifice
I've got to make it work
This time away has done me good
It's a change from you

Keep switching me off and on, and off and on, and off
I put myself back together
You've been gone too long beyond, the love is gone
You thought I could feel forever
Keep switching me off and on, and off and on, and off
I put myself back together
You've been gone too long beyond, the love is gone
I got my life back together

No, I can't turn back
I'm sick and tired of it
And love broke down
I rewired it
I'm only human, babe
You let the feeling fade
Keep pushing
Till I reach the higher ground

I tried to make it right
When every door was closed
Your love is all I had
I tried to make an honest man, woah,
Out of you

Wired to the sun like a laser beam
Power surge, come feel the energy
And I'm letting it shine, shine...
forever

Keep switching me off and on, and off and on, and off
I put myself back together
You've been gone too long beyond, the love is gone
You thought I could feel forever
Keep switching me off and on, and off and on, and off
I put myself back together
You've been gone too long beyond, the love is gone
I got my life back together
