

# Rolling Stones, All Sold Out

(Jagger/Richards)

Why put this sadness inside of me  
Why be so matter-of-fact  
Why put this one bit of hope in me  
You sold me out and that's that  
I hope that you're having fun with me  
There's not much left to attack  
I hope that you're nearly done with me  
You sold me out and that's that  
All sold out i'd never seen  
A mind so tangled, a girl so strangled  
All sold out well i felt so green  
It was just like that  
I was put down flat  
I was sold out just like that  
Oh baby  
All sold out i'd never seen  
A mind so tangled, a girl so strangled  
All sold out well i felt so green  
It was just like that  
I was put down flat  
I was sold out just like that  
I missed the point of you doing it  
Your mind has just jumped the track  
I took a bit different view of it  
You sold me out and that's that  
Hey hey, that's that
