

Rolling Stones, All Sold Out

(Jagger/Richards)

Why put this sadness inside of me
Why be so matter-of-fact
Why put this one bit of hope in me
You sold me out and that's that
I hope that you're having fun with me
There's not much left to attack
I hope that you're nearly done with me
You sold me out and that's that
All sold out i'd never seen
A mind so tangled, a girl so strangled
All sold out well i felt so green
It was just like that
I was put down flat
I was sold out just like that
Oh baby
All sold out i'd never seen
A mind so tangled, a girl so strangled
All sold out well i felt so green
It was just like that
I was put down flat
I was sold out just like that
I missed the point of you doing it
Your mind has just jumped the track
I took a bit different view of it
You sold me out and that's that
Hey hey, that's that
