

# Rolling Stones, Can You Hear The Music?

(M. Jagger/K. Richards)

Can you hear the music, can you hear the music?  
Can you feel the magic hangin' in the air?  
Can you feel the magic? Oh, yeah  
Love is a mystery I can't demystify, oh, no  
And sometimes I wonder why we're here  
But I don't care, I don't care  
Can you hear the music, can you hear the music?  
Can you feel the magic dancin' in the air?  
Can you feel the magic? Oh, yeah  
Love is a mystery I can't demystify, oh, no  
Sometimes I I'm dancin' on air  
But I get scared, I get scared  
When I hear the drummer, get me in the groove  
When I hear the guitar, makes me wanna move  
Can you feel the magic, floatin' in the air?  
Can you feel the magic? Oh, yeah  
Sometimes you're feelin' you've been pushed around  
And your rainbow just ain't here  
Don't you fear, don't you fear  
When you hear the music trouble disappear  
When you hear the music ringin' in your ears  
Can you feel the magic floatin' in the air?  
Can you hear the magic? Oh, yeah, yeah  
When you hear the music ringin' in my ear  
Can you hear the music? Oh, yeah  
Can you hear the drummer? Gets you in the groove  
Can you hear the guitar? Make you wanna move? Yeah  
Can you hear the music? Oh, yeah  
Can you hear the music ringin' in my ear?  
Can you hear the music, can you hear the music?
