

# Rollins Band, All I Want

When I close my eyes all I see are visions of you  
And then I open my eyes, your asunth holds me down  
I try but I can't shake myself loose  
I can't command my brain  
All I do is shrink and think of one thing  
I'm sitting alone beside me  
I'm digging a hole inside myself  
All I want in the world I think I've found  
When I look into your eyes  
All I know is that I'm tired of the world around me  
Please, please  
Please, don't ignore me...  
Dedicated, here I am  
Thinking of you with everything within me  
I know you'll never feel me, never see me  
Never know these thoughts of mine  
But in my mind you're always there  
Always smiling, always reaching out for me  
The days don't warm with heartache  
The days don't warm with emptiness  
What I want is to somehow matter to you  
Even if all else rejects me  
All I know is that I'm hammered of the world around me  
Please, please  
Please, don't destroy me...  
All I want in the world I think I've found  
When I look into your eyes  
All I know is that I'm tired of the world around me  
Please, please  
Please, don't ignore me...  
I'd burn down time, modify a way to get through to you  
I know I'm standing in line for handouts that'll never come  
But still, I don't care!  
Feeling like, looking like  
They've confused everything  
Pure is everything I am  
Made out, wide eyed, exposed  
Unable to forget you!  
All I want is to somehow matter to you  
Even all else rejects me  
All I know is that I'm hammered of the world around me  
Please, please  
Please, don't destroy me...
