

# Ron Sexsmith, April After All

It&#039;s really coming down  
Raining cats and hounds  
It&#039;s falling on parades  
And on the plans we made

But there&#039;ll be other days  
And things will turn our way  
The rain has got to fall  
It&#039;s April after all

Even the longest night  
Will lead you to daylight  
It&#039;s the way May leads to June  
And it&#039;s how I&#039;ve come to you

The world goes spinning round  
Life goes up and down  
And rain is bound to fall  
It&#039;s April after all

They&#039;ll be other days  
Darling come what may  
The rain has got to fall  
It&#039;s April after all

Tears are bound to fall  
It&#039;s April after all
