Ron Sexsmith, It Never Fails

Oh it never fails, anytime I start
To speak my mind I break her heart
Oh it never fails
Every time I feel my faith is strong
This doubt appears and steers me wrong
Oh it never fails

This world is not the one we used to know and love
Can&#039;t help wondering if it ever was

This world is not the one we used to know and love
Can&#039;t help wondering if it ever was

Oh it never fails, in times like these
I hold you and my soul&#039;s at ease
Oh it never fails
Oh it never fails
