

Ron Sexsmith, Ship Of Fools

Famous disappearing act
Kills em every time
The willing subject sneaks out back
And leaves her space behind

But life is not a parlour trick
Theres no slight of hand
Just tryin to save the sinking ship
And theres not sight of land

And we are all in the same boat, darlin
On the same rough sea
We are all in the same boat, darlin
The ship of fools it seems

Theres no good news in the news
Only bad news papers
As black humour stands amused
At the plight of human nature

Theres still a lot of good in the world
No matter what they say
And when the darkness comes unfurled
Theres a light that was built to stay

And we are all in the same boat, darlin
On the same rough sea
We are all in the same boat, darlin
The ship of fools it seems

Optimists and realists
And cynics all agree
That we are all in this
Together whatever will be

Oh we are all in the same boat, darlin
On the same rough sea
We are all in the same boat, darlin
The ship of fools it seems

Oh we are all in the same boat, darlin
On the same rough sea
We are all in the same boat, darlin
The ship of fools it seems
