

Ron Sexsmith, You've Been Waiting

You've been waiting all this time for love

You've been waiting all this time for love

So patiently you've waited on a kiss

For a moment like this

You've been waiting all this time for love

I've been saving all my heart for you

I've been saving all my heart for you

For rainy days and even sunny days

You just let me count the ways

That I've been saving all my heart for you

You came along at the right time

Down flirtation road

Your patience had just begun to run out

My heart was about to explode

You've been waiting all this time for love

You've been waiting all this time for love

So patiently you've waited on a kiss

For a moment like this

You've been waiting all this time for love

You've been waiting all this time for love

For love

For us
