

# Ronan Keating, All I Have Is My Heart

If I had the power  
No one would ever hurt you  
You'd never cry, or ask yourself why  
All of your dreams would come true

If my prayers were answered  
You'd have all you ever need  
You'd never doubt love was about  
I'd leave the world at your feet

But I don't have  
The world to give  
No hidden power,  
no precious gifts  
To show my love

Chorus:  
All I have is my heart  
All I can give you is that  
All the love in my heart

If I could have one wish  
You'd live your life in peace  
You'd always know wherever you go  
How good it feels to be free

But I can't think that wish comes true  
But if I could I promise you  
I'd change the world

Chorus:  
All I have is my heart  
All I can give you is that  
All I have is my heart  
All the love in my heart

Hold on, hold on  
Try to be strong  
Life will go on  
And you know I'll be there

All I have is my heart  
All I have is my heart  
All I have is my heart  
All I can give is that  
All I have is my heart  
Just like you, just one heart  
All the love in my heart

If I had the power  
No one would ever hurt you
