

# Ronan Keating, Joy And Pain

Heaven ain't your place girl, not now anyways  
And in this hell yeah yeah, you cant erase  
All of the pain, that you've been given  
That ain't the reason yeah, that you've been driven

Watch the hand as it's movin', 24 times around  
Every second's like a minute, till you're back on the ground

I've felt joy and I've felt pain (girl Im sorry)  
I've felt joy and I've felt pain (girl Im sorry)  
I've felt joy and I've felt pain (girl Im sorry)  
But I know I'm gonna see you again

Girl we had our chances, we knew from the start  
That we could take heaven yeah and tear it apart tear it apart  
You gotta take a chance girl, you gotta lead me by the hand  
And turn this wild one, into a family man

Many miles been between us since I walked away  
Girl I'm sorry what I did to you, this time I'm here to stay

I've felt joy and I've felt pain (girl Im sorry)  
I've felt joy and I've felt pain (girl Im sorry)  
I've felt joy and I've felt pain (girl Im sorry)  
But I know baby I'm gonna see you again

But I know yeah  
I've felt pain I've felt joy yeah

Heaven ain't your place girl, not now anyways  
And in this hell yeah yeah, you cant erase  
All of the pain, that you've been given  
That ain't the reason yeah, that you've been driven

Watch the hand as it's movin', 24 times around  
Every second's like a minute, till you're back on the ground

I've felt joy and I've felt pain (and the girls say)  
I've felt joy and I've felt pain (and the girls say)  
I've felt joy and I've felt pain (girl Im sorry)  
I've felt joy and I've felt pain (girl Im sorry)  
But I know I'm gonna see you again
